

I Love You © 2009 Vince Vance

I love you... you are the treasure of a dream come true

From this moment 'til eternity, please, be with me

I need your love as I need air. I pray to God to make you care

I love you... with all my heart and soul... I love you.

I love you... from the moment that I first saw you

It was then when I looked in your eyes, you seem so surprised

That's when I heard your lovely voice; falling deep I had no choice

Yes, I love you from now until forever, yes, I love you

I love you... before I even knew of love there was this love for you

I love you... you fell from Heaven your eyes filled with skies of blue

Give me your love and I will have life

Without you there can be no Paradise

I love you; I love you; I love you; I love you; I love you;

With all my heart and soul, I love you!

I love you... there was and is and can be only you

Like 2 sides of true love's coin, we are one that's how we're joined

I've search & search my life through that's how I know that I love you

I love you; I love you; I love you; I love you; I love you;

Beyond forever, be my love; once and forever, I love you

From now until forever ... I love you!
