

# COWBOYS ROPE & COWBOYS RIDE

©1993 Vince Vance

At a Texas honky tonk I saw her there  
Boots and denim and real long hair  
My heart's a' poundin' from her glance  
And all I want is just one dance

Afraid to say, *This dance is mine.*  
I touch her arm, but just ask the time  
I don't look back, just walk away  
Wishing I had more to say

Your eyes like ice in candle light  
My eyes try to avoid your sight  
If only I just knew your name  
I don't know how to play this game

Cowboys rope and cowboys ride  
This cowboy is mighty shy  
One thing, though, you may never know  
Is what this cowboy feels inside

All I want is just one dance  
If only I could take a chance  
I know that you would love me too  
My heart will show me what to do

Cowboys rope and cowboys ride, etc.

There's that aching in my heart  
While you dance with my friend, Bart  
God, help me, please, to make her mine  
I'm gonna get this dance this time

She grabs my hand and stares at me  
Says, *I saw you lookin' o'er at me*  
*If you want something you gotta try*  
*Or is the King of Cowboys just too shy?*

Cowboys rope and cowboys ride, etc.
